

SUPREME COURT of the United States

Dr. Reginald C. Armor , Director
Extension Education
United Church of Religious Science
Los Angeles, California

My dear Dr. Armor :

We have received word that the Final Examination of the Institute of Religious Science contains a "True-False" question, numbered "100", which poses this question: -

"No one judges us but ourself".

Now your Institute alleges the answer to this question to be "True".

We must admonish you that unless you can reverse this decision, all of the honorable justices of this court will have no choice but to resign our posts and allow each citizen of our fair country to establish his own chamber of jurisprudence, and dispense justice to himself in a manner to emulate our envious record.
