## Vision

Pathway to Wholeness is a Founder's Church Ministry where professionally trained and licensed Practitioners of Science of Mind use the basic principles of the teaching as the ultimate guide through life's challenges. Not only through grief and bereavement but also through loss of any kind; job, home, relationships, health, the events of the human condition.

Through the use of prayer as the active tool to all of life's changes, we know that prayer changes things.....ALL things, and these changes become known as demonstrations; i.e., healing of a health challenge, or healing of a relationship or healing of any condition.

Professional Practitioners are trained in the healing art of prayer. Practitioners and students alike have learned to change their thinking and have changed their lives. Prayer is the answer.

Pathway to Wholeness guides us through pain on a journey back to a place to which we have longed to return; the place where we smile again and know freedom, perhaps for the first time.
